

2015 One Health Conference in Nagasaki - Day 1 (Nov.6, 2015)

at Ryojun Auditorium, Nagasaki University

09:30-11:20	Registration	
11:30-12:00	Opening ceremony @ Bauduin Lecture Hall, Ryojun Auditorium 2F	Time allotment
Opening Remarks	Shimokawa Isao Conference President, First Japan Conference on One Health and Dean of Nagasaki University School of Medicine	
Speech 1.	Shigeru Katamine President of Nagasaki University	
Speech 2.	William Cunningham Director of Institute of International Health, Michigan State University, USA	
Speech 3.	Kenji Matsuoka Director, Advanced Medical and Radiological Science Division, Research Promotion Bureau, Ministry of Education, Culture, Sports, Science and Technology (MEXT), Japan	
12:00-13:00	Lunch & Poster presentation @ Sensai Hall, Ryojun Auditorium 1F	[1:00']
13:00-14:15	Symposium 1: Global threat of tropical and emerging infectious diseases in One Health (Co-sponsored by Program for Nurturing Global Leaders in Tropical and Emerging Communicable Diseases) Chairs: Koichi Morita & Jacqueline Weyer	
13:00-13:25	Jacqueline Weyer (NICD, South Africa) "One Health Approach to Zoonosis in South Africa: Successes and challenges "	[20' + 5']
13:25-13:50	Kenji Hirayama (Institute of Tropical Medicine, Nagasaki University) "Serological surveillance system development for the control of endemic tropical infectious diseases using simultaneous microsphere-based multiplex assay"	[20' + 5']
13:50-14:15	Akira Ito (Asahikawa Medical University) "One Health: Towards the control of neurocysticercosis caused by accidental ingestion of eggs of the pork tapeworm, Taenia solium "	[20' + 5']
14:15-14:30	Tea Break	[15']
14:30-16:15	Symposium 2: What constitute non-malarial fever? (Co-sponsored by Graduate School of Tropical Medicine and Global Health at Nagasaki University) Chairs: Koya Ariyoshi & Chris Parry	
14:30-14:55	John Crump (Global Health, Centre for International Health, University of Otago, New Zealand) "Non-malarial fever"	[20' + 5']
14:55-15:20	Daniel Paris (Mahidol-Oxford Research Unit, Thailand) "Rickettsial diseases in Asia"	[20' + 5']
15:20-15:40	Masayuki Shimojima (National Institute of Infectious Diseases, Japan) "Severe Fever with Thrombocytopenia Syndrome in Japan"	[15' + 5']
15:40-16:00	Motoi Suzuki (Institute of Tropical Medicine, Nagasaki University) "Leptospirosis: an undiagnosed tropical zoonosis"	[15' + 5']
16:00-16:15	Tea Break	[15']
16:15-17:45	Symposium 3: Low dose radiation effects on human health: Lessons from Nagasaki, Chernobyl, and Chairs: Noboru Takamura & Manabu Fukumoto	
16:15-16:40	Kiyohiro Hamatani (Radiation Effects Research Foundation, Hiroshima, Japan) "Characteristics of gene alterations in papillary thyroid cancers among atomic bomb survivors"	[20' + 5']
16:40-17:05	Manabu Fukumoto (Institute of Development, Aging and Cancer, Tohoku University, Japan) "Fukushima animal archive: Its establishment and what we learned from it"	[20' + 5']
17:05-17:25	Misa Imaizumi (Radiation Effects Research Foundation, Nagasaki, Japan) "Thyroid diseases in atomic-bomb survivors"	[15' + 5']
17:25-17:45	Noboru Takamura (Institute of Atomic Bomb Disease, Nagasaki University, Japan) "Lessons from Chernobyl and Fukushima"	[15' + 5']
18:30-20:00	Reception @ St. Priere (2-4 Motofuna-machi, Nagasaki)	

2015 One Health Conference in Nagasaki - Day 2 (Nov.7, 2015)

at Ryojun Auditorium, Nagasaki University

8:30-10:15	Symposium 4: Sociomedical issues of aging societies in Asia	Time allotment
Chairs: Kiyoshi Aoyagi		
8:30- 8:55	Norie Sawada (Research Center for Cancer Prevention and Screening National Cancer "Epidemiology of cancer in Japan"	[20' + 5']
8:55- 9:20	He Fei (The School of Public Health Fujian Medical University, China) "Lung cancer in China: epidemiology, etiology and prevention"	[20' + 5']
9:20- 9:40	Yasuyo Abe (Nagasaki University) "Locomotive Syndrome in Japan"	[20' + 5']
Oral presentation 1		
9:40- 9:55	Ngoc Bich Le (Hanoi School of Public Health, Vietnam) "Quality of life and its association among older people in rural Vietnam"	[10' + 5']
9:55-10:10	Dr. Ryoma Kayano (WHO Centre for Health Development, Japan) "WHO Centre for Health Development's Research Strategy for UHC"	[10' + 5']
10:10-10:30	Tea Break	[20']
10:30-12:00	Symposium 5: One Health; Research and Challenges (organized by Michigan State University)	
Chair: William Cunningham (Michigan State University, USA)		
10:30-10:55	David T. Long (Michigan State University, USA) "The One Health Approach in Exposure Analysis, a Systems Methodology to Solve Environmental Health Problems"	[20' + 5']
10:55-11:20	Thomas C. Voice (Michigan State University, USA) "Fate and Transport of Aristolochic Acids to Assess Exposures Linked to Balkan Endemic"	[20' + 5']
11:20-11:40	John B. Kaneene (Michigan State University, USA) "One Health Benefits: A Case Study of Brucellosis in Livestock and Humans in Uganda "	[15'+ 5']
11:40-12:00	Syed A. Hashsham (Michigan State University, USA) "Antimicrobial Resistance (AMR) Gene SmartChip, Gene-Z, and AMR Dashboard"	[15'+ 5']
12:00-13:15	Lunch & Poster presentation @ Sensai Hall, Ryojun Auditorium 1F	[1:15']
13:15-15:15	Symposium 6: Normal tissues/stem cells response to low-dose/low-dose-rate radiation	
Chairs: Keiji Suzuki & William Morgan		
13:15-13:45	James E. Trosko (Michigan State University, USA) "Stem cells: cells of origin in cancer"	[20']or[25']
13:45-14:15	William F. Morgan (Pacific Northwest National Laboratory, USA) "A Systems Biology Approach to Understanding Normal Tissue Responses to Low-Dose"	[20']or[25']
14:15-14:45	Tetsuya Ono (Institute for Environmental Sciences, Japan) "Health effects in mice exposed to low-dose/low-dose-rate chronic radiation"	[20']or[25']
14:45-15:15	Keiji Suzuki (Atomic Bomb Disease Institute, Nagasaki University, Japan) "Accumulation of DNA damage response in tissues exposed to low-dose/low-dose-rate"	[20']or[25']
15:15-15:30	Tea Break	[15']

2015 One Health Conference in Nagasaki - Day 2 (Nov.7, 2015)
at Ryojun Auditorium, Nagasaki University

15:30-16:45 Oral session:One Health Policy and Education		
Chairs: Ryoma Kayano & Phuc Duc Pham		
15:30-15:45	Phuc Duc Pham (Hanoi School of Public Health, Vietnam) "Vietnam One Health University Network - One Health Workforce Development "	[10' + 5']
15:45-16:00	Rehman Gul Rahmani (Asian Development Bank, Islamic Republic of Afghanistan) "The National Solidarity Program (Afghanistan)"	[10' + 5']
16:00-16:15	Ikejiri, Tatsuki (Kyoto University, Japan) "What a Japanese medical student learned from WHO internship ~ WHO's Control of Lymphatic Filariasis"	[10' + 5']
16:15-16:30	Indarjulianto Soedarmanto (Universitas Gadjah Mada, Indonesia) "One Health application through Student Community Service in a Disaster Village of Mount Merapi Yogyakarta"	[10' + 5']
16:30-16:45	Dahal, Rojan (Ministry of Health and Population, Nepal) "Bovine Tuberculosis in Nepal"	[10' + 5']
16:45-17:00	Rahman, Md Moshir (Institute of Biomedical & Health Sciences, Hiroshima University, Japan) "Subgenotypes mixed infection of clinical Acanthamoeba isolates observed from human keratitis cases in Japan "	[10' + 5']
17:00-17:15	Taeko Moriyasu (Nagasaki University, Japan) "Existing schistosome infection suppresses malaria liver burden following sporozoite"	[10' + 5']
17:15-17:50	Round table: Future plan in One Health Conference	[30']
Chairs: Isao Shimokawa & William Cunningham		
17:50	Closing remark	
	Isao Shimokawa (Conference President, First Japan Conference on One Health and Dean of Nagasaki University School of Medicine)	

Abstracts of individual presentations can be viewed at the conference web site.
