Nagasaki, what a beautiful city! Peaceful, clean and pleasant climate. I very admire the spirit of diligent of the surgeons who are working dedicated at Nagasaki University Hospital. I was astonished by their precise work on operation of each patient for which bring them to fast track rehabilitation. I communicated smoothly with each teacher and they all were very professional, respectful and friendly. Thank you professor Eguchi, Kanetaka Sensei and Fujita Sensei and all of you who helped me a lot during my study of the surgical technique in your department and living in Nagasaki. I'll never forget the experience in Nagasaki. Thanks !

Sincerely
